NSP

Plan Description:

During the prime years of the housing boom, the City of Lakeland and Polk County areas benefited from the successes of the market. But during the years following, our community has suffered from the severe housing market decline. The City of Lakeland developed the Neighborhood Stabilization Program pursuant to the Housing and Economic Recovery Act of 2008 (HERA) to concentrate in target areas of: Greatest percentage of home foreclosures; Highest percentage of homes financed by a subprime mortgage related loan; and Areas identified as the most likely to face a significant rise in the rate of home foreclosures. Based on the NSP established criteria and research completed using private and U.S. Department of Housing and Urban Development (HUD) provided resources, City of Lakeland has identified the following neighborhoods as areas of greatest need: North Lake Wire, Paul A. Diggs, Parker Street, Webster Park North and South, Gladys Leggett, Jewel Avenue and secondary neighborhoods of Robson Street, Crystal Lake and Shore Acres. These neighborhoods have foreclosure rates of 13.7% to 15.5%. The City of Lakeland will direct its efforts to this area with the NSP funds. However, after resources have been exhausted within the area of greatest need, the City of Lakeland will focus its resources on three (3) other neighborhoods. Utilizing HUD provided data regarding foreclosures, staff identified those census tract block groups which exceed or are projected to exceed the city-wide foreclosure rate of 7.9 percent. The City analyzed the data and established a minimum high cost loan rate of 35% in determining areas of greatest need. Areas identified had abandonment risk scores between three and 10 and predicted 18 month underlying foreclosure rates of 7.9 percent or higher. NSP CDBG activities will meet the low, moderate and middle income national objective of the assisted activity: Provides or improves permanent residential structures that will be occupied by a household whose income is at or below 120% of area median income (abbreviated as LMMI). NSP eligible use Purchase and rehabilitate homes and residential properties that have been abandoned or foreclosed upon, in order to sell, rent, or redevelop such homes and properties; demolish blighted structures; land bank; redevelop demolished or vacated properties and planning and administration. CDBG Eligible Activities are found under: 24 CFR 570.201-(a) Acquisition;(b)Disposition;(i) Relocation;(n) Direct Homeownership Assistance 24 CFR 570.202(a) - Eligible rehabilitation and preservation activities for homes and other residential properties 24 CFR 570.206 - Activity delivery costs for an eligible activity 24 CFR 570.201(d)-Clearance and Demolition and 24 CFR 570.206 (a)-Planning and Administration. The City will solicit one or more Requests for Qualifications for organizations/partners to participate in the program. The City will require many partners such as, but not limited to, housing non-profits/for-profits, lenders, title companies, asset/property managers, appraisers, real estate companies, contractors (including demolition contractors), and inspection firms. The City may provide other incentives for Housing Partners to assist special needs populations, which may include the homeless, disabled, victims of domestic violence, and others, and will provide incentives for improving energy efficiency, conservation, or providing renewable energy source(s). These types of features will provide for long-term affordability and increased sustainability and attractiveness of housing and neighborhoods. Projects are anticipated to be in place from (September 28, 2008 for Admin) February, 2009 thru July 30, 2013. The City of Lakeland Neighborhood Services Division will administer the program. The contact person is R. Brian Rewis, Neighborhood Services Manager, 1104 Martin L. King, Jr. Avenue, Lakeland, Florida 33805.

Recovery Needs:

Based on the City's analysis, the neighborhoods identified as areas of greatest need meet the three requirements of HERA for the use of NSP funds. NSP funds will be used to perform the activities identified in this substantial amendment. The purpose of the distribution to the impacted areas is to stabilize the areas and provide opportunities for low to middle income households to acquire properties.

Activity 1) Acquisition and Resale of Foreclosed Properties-

Purchase and rehabilitate homes and residential properties that have been abandoned or foreclosed upon, in order to sell, rent, or redevelop such homes and properties. The City will provide funding for approved partners to acquire the properties and the properties will be held in a non profit agency's name (to be determined) during the rehab process until sold.

Activity 2) Rehabilitation and Resale of Foreclosed Homes - The City of Lakelands NSP program will be used to rehabilitate both single-family and multi-family residential properties. The local staff will be performing these duties. Costs of rehabilitation can include labor, materials, supplies, permits, lead-based paint assessment, abatement and clearance, barrier removal, energy efficient measures, asbestos assessment and abatement, and program delivery.

Activity 3) Demolition of Acquired Foreclosed Homes and/or Blighted Structures - Housing units acquired through the City's program that are not economically feasible to be rehabilitated, and/or pose a health/safety threat, may be demolished.

Activity 4) Land Banking of Foreclosed Properties -

Establish land banks for homes that have been foreclosed upon.

Land banking and subsequent redevelopment of the demolished or vacant property will be for households at or below 120% AMI. Accounts will be set up for lot maintenance for a maximum of 10 years.

Activity 5) Redevelop Demolished or Vacant Properties-

Redevelopment of the demolished or vacant property will be for households at or below 120% AMI. Once constructed, these homes will be made available to income eligible households. The City will acquire the services of local housing partners(to be determined) to carry out this function.

Activity 6) Planning and Administration -

NSP funds will be used to pay reasonable program administration costs related to the planning and execution of the activities listed above. This includes costs related to staffing for overall program management, coordination, monitoring, reporting and direct and indirect costs. All Planning and Administration activities are done by the City's staff.

The City will use the minimum affordability standards that fall under the federal HOME Investment Partnership Program.

Any NSP assisted homebuyer must receive at least eight (8) hours of homebuyer counseling from a HUD approved housing counseling agency prior to obtaining a mortgage loan. And lenders of any first mortgage loan provided to an income eligible household must comply with Treasury's guidance for non-traditional mortgages. Compliance must be documented. All loans must be at a fixed rate not to exceed a term of forty (40) years.

Budget: At least 25% of the City's allocation must benefit housing individuals and/or families of 50% and below of AMI. That amount stated in the NSP plan is \$560,000.

Acquisition -	\$780,000	12 units
Rehabilitation -	\$405,600	8 units
Demolition -	\$40,000	8 units
Land Bank -	\$80,000	4 units
Redevelopment -	\$500,000	6 units
Planning/Admin -	\$200,181

Progress Toward Activity Type Targets

Progress Toward National Objective Targets

Overall Progress Narrative:

The City's Neighborhood Services Staff continues to work on purchasing foreclosed properties on a daily basis. A dedicated staff person reviews at least 200 homes on a monthly basis. Staff is obtaining properties listing from HOME Path, local realtors and researches foreclosed properties from major banks.

Activity Description:

NSP funds will be used to pay reasonable program administration costs related to the planning and execution of the activities listed above. This includes costs related to staffing for overall program management, coordination, monitoring, reporting and direct and indirect costs.

Location Description:

Based on the NSP established criteria and research completed using private and U.S. Department of Housing and Urban Development (HUD) provided resources, City of Lakeland has identified the following neighborhoods as areas of greatest need: North Lake Wire, Paul A. Diggs, Parker Street, Webster Park North and South, Gladys Leggett, Jewel Avenue, and secondary neighborhoods of Robson Street, Crystal Lake and Shore Acres.

Activity Progress Narrative:

The City of Lakeland Neighborhood Services Division was awarded approximately \$2 million in NSP funds. On a daily basis, Staff researches various internet sources to locate properties in foreclosure and to evaluate for possible NSP acquisition. Staff is discovering that there are fewer foreclosures in its targeted neighborhoods and anticipates submitting an amendment to its HUD rep in the near future.

Activity Description:

Housing units acquired through the City program that are not economically feasible to be rehabilitated, and/or pose a health/safety threat, may be demolished. Demolished homes may be placed in the affordable housing land inventory to be subsequently provided to an affordable housing partner. Another option is that the Neighborhood Services Division may acquire the property, demolish and construct a new home on the property. The City will provide the funds in the form of a grant for the demolition.

Location Description:

Based on the NSP established criteria and research completed using private and U.S. Department of Housing and Urban Development (HUD) provided resources, City of Lakeland has identified the following neighborhoods as areas of greatest need: North Lake Wire, Paul A. Diggs, Parker Street, Webster Park South and North, Gladys Leggett, Jewel Avenue and secondary neighborhoods of Robson Street, Crystal Lake and Shore Acres.

Activity Progress Narrative:

The City has acquired six properties as of 12/31/09. Of those acquired as blighted structures; one is scheduled for tear down on January 19, 2010 and two other demo pending.

Program Funds Drawdown	\$26,952.28	\$26,952.28
Obligated CDBG DR Funds	\$26,952.28	\$26,952.28
Expended CDBG DR Funds	\$0.00	\$0.00
Match Contributed	\$0.00	\$0.00
Program Income Received	\$0.00	\$0.00
Program Income Drawdown	\$0.00	\$0.00

Activity Description:

The City of Lakeland Neighborhood Services Division will work with lenders and/or realtors to acquire homes that have been foreclosed, vacant for at least 90 days and are on the lenders or investors current inventory. Once foreclosed properties have been identified in the target areas, the City will negotiate with the lenders(s) to obtain the maximum reasonable discount for use in the program.

Location Description:

Based on the NSP established criteria and research completed using private and U.S. Department of Housing and Urban Development (HUD) provided resources, City of Lakeland has identified the following neighborhoods as areas of greatest need: North Lake Wire, Paul A. Diggs, Parker Street, Webster Park South and North, Gladys Leggett, Jewel Avenue and secondary neighborhoods of Robson Street, Crystal Lake and Shore Acres.

Activity Progress Narrative:

The City has acquired the above listed properties for demo and plans to re-develop those lots with single family residences and will sold to households or persons at 25% of the AMI.

Performance Measures

	This Report Period			Cumulative Actual Total / Expected		
	Low	Mod	Total	Low	Mod	Total
# of Properties	0	0	4	0/0	0/0	4/4
