

This is our best cost estimate for the fire department responses to the address/area in question;

2025 Costs to provide service to 814 N. Kentucky Av and the surrounding area:

\$85.00 per call

2234 emergency responses to 814 N. Kentucky and the area within a half-mile radius

Approximately \$190,000. (This number only reflects LFD's estimated cost. Polk County would also send an ambulance to the majority of these calls and they would also have costs much higher than ours).

2025 response data:

Our data shows that we responded to 367 calls 814 N. Kentucky Avenue in 2025
We responded to 1867 calls within a half-mile radius of 814 N. Kentucky Avenue
We responded to 86 calls within a half-mile of 1114 West Memorial Bl.

Please advise if you need any further information.

Respectfully,

Douglas Riley
Fire Chief
