CDBG-R SUBMISSION TEMPLATE **& CHECKLIST**

The American Recovery and Reinvestment Act of 2009 ("Recovery Act") was signed into law by President Obama on February 17, 2009. The Recovery Act awards \$1 billion in CDBG Recovery (CDBG-R) funds to be distributed to cities, counties, insular areas and states, of which \$10 million has been reserved by HUD for its administrative costs and \$10 million of which will be awarded to Indian tribes. Recipients of the remaining \$980 million of CDBG-R funds will be the approximately 1,200 jurisdictions that received CDBG funding in Fiscal Year 2008. This template sets forth the suggested format for grantees receiving funds from CDBG-R. A complete submission contains the information requested below, including:

- (1) The CDBG-R Substantial Amendment (template attached below)
- (2) Spreadsheet for Reporting Proposed CDBG-R Activities (see <http://www.hud.gov/recovery>)
- (3) Signed and Dated Certifications (see <http://www.hud.gov/recovery>)
- (4) Signed and Dated [SF-424](#).

Grantees should also attach a completed CDBG-R Substantial Amendment Checklist to ensure completeness and efficiency of review (attached below).

ENSURING RESPONSIBLE SPENDING OF RECOVERY ACT FUNDS

Funding available under the Recovery Act has clear purposes – to stimulate the economy through measures that modernize the Nation’s infrastructure, improve energy efficiency, and expand educational opportunities and access to health care. HUD strongly urges grantees to use CDBG-R funds for hard development costs associated with infrastructure activities that provide basic services to residents or activities that promote energy efficiency and conservation through rehabilitation or retrofitting of existing buildings. While the full range of CDBG activities is available to grantees, the Department strongly suggests that grantees incorporate consideration of the public perception of the intent of the Recovery Act in identifying and selecting projects for CDBG-R funding.

A. SPREADSHEET FOR REPORTING PROPOSED CDBG-R ACTIVITIES

Grantees must provide information concerning CDBG-R assisted activities in an electronic spreadsheet provided by HUD. The information that must be reported in the spreadsheet includes activity name, activity description, CDBG-R dollar amount budgeted, eligibility category, national objective citation, additional Recovery Act funds for the activity received from other programs, and total activity budget. An electronic copy of the spreadsheet and the format is available on HUD’s recovery website at <http://www.hud.gov/recovery>.

B. CDBG-R INFORMATION BY ACTIVITY (COMPLETE FOR EACH ACTIVITY)

Activity Name: (Grantees should follow the same order that activities are listed in the Spreadsheet for Reporting Proposed CDBG-R Activities – this will allow HUD to easily match activity narratives with the information provided in the spreadsheet.)

American Recovery and Reinvestment Act of 2009 (Recovery Act) appropriated \$1 billion in Community Development Block Grant (CDBG) funds to states and local governments to carry out, on an expedited basis, eligible activities under the CDBG program. Funding available under the Recovery Act has clear purposes aimed at stimulating community development and job growth. The City of Lakeland was allocated \$207,943.

Following is a summary of the proposed use of CDBG-R funds:

Activity Name	Activity Description	CDBG-R funds budgeted	Eligibility Category	National Objective Citation	Other Federal or Local funds
Rehabilitation of Single Family Home	Construction and/or Rehab of Single Family Property	\$187,149	Rehab of Residential Property	Low – Moderate Housing Benefit	\$67,851
Total Activity Budget		\$187,149			\$67,851

Total Activity Budget	\$255,000
Administration (up to 10% of allocation)	20,794
Total Amount Budgeted	\$275,794

(1) Activity Name: Rehabilitation and preservation activities for homes and other residential properties. (24 CFR 570.202 (a))

Response:

The City of Lakeland Neighborhood Services Division (NSD) will rehabilitate or construct homes of low-moderate income households that are on NSD’s existing Applicant List. There are plans to utilize other funding sources including, but not limited to federal and local funding to maximize the impact of the CDBG-R program. Currently, there are sixty- one (61) applicants awaiting rehab projects; with twenty of those applicants in the income certification stage. With the current federal funding level (and no state funding available), the entire sixty-one households would not receive services for an extended period of time. With the additional CDBG-R funding, some of those homeowners on the Applicant’s List will be considered recipients to carry out this eligible activity.

According to the University of Florida’s Shimberg Center for Housing Studies, approximately 25 percent of Lakeland’s housing stock was built before 1960. The safety and marketability of much of the older housing become an issue as the physical structures age and as buyers’ expectations change. However, some of the older housing stock provides a source of affordable units. In the City of Lakeland, the older housing stock is primarily found in the “central city” neighborhoods. Since property values and upkeep have a great influence on neighborhood stability, the City has given priority to the conservation of neighborhoods through rehabilitating and preserving existing housing stock and through pursuit of neighborhood improvement programs to address wider neighborhood quality of life issues.

The NSD will administer the construction of three new homes to low income households. NSD has a list of qualified general contractors available at its request. The homes will be constructed on the clients' lots.

(2) Activity Name: Planning and Administration

CDBG-R funds will be used to pay reasonable program administration costs related to the planning and execution of the activity listed above. This includes costs related to staffing for overall program management, coordination, monitoring, reporting and direct & indirect costs.

(1) Activity Narrative:

In addition to the Spreadsheet for Reporting Proposed CDBG-R Activities, grantees must provide a narrative for each activity describing how the use of the grantee's CDBG-R funds will meet the requirements of Title XII of Division A and Section 1602 of ARRA. The grantee's narrative must also state how CDBG-R funds will be used in a manner that maximizes job creation and economic benefit in relation to the CDBG-R funds obligated, and will address the Recovery Act, by:

- **Preserving and creating jobs and promoting economic recovery;**
- **Assisting those most impacted by the recession;**
- **Providing investment needed to increase economic efficiency;**
- **Investing in transportation, environmental protection, or other infrastructure that will provide long-term economic benefits;**
- **Minimizing or avoiding reductions in essential services; or**
- **Fostering energy independence.**

Response:

The City of Lakeland Neighborhood Services Division utilizes its funding to target those neighborhoods in the City with the highest proportion of low-income households and sub-standard structures. The proposed projects are also located within the Mid-Town Community Redevelopment Area. Residents in this area are low-moderate income households. These census tracts have been most impacted by the recession and proposed projects will augment the CDBG projects that have been completed under the Rehabilitation Program. The homes will be modified to incorporate energy efficiency features therefore assisting the residents with savings on energy cost on a long-term basis.

(2) Jobs Created: (Report the number of full- and part-time jobs estimated to be created and retained by the activity (including permanent, construction, and temporary jobs)).

Response:

General contractors will complete all three projects for the Activity 1. Those general contractors employ a list of tradesmen (plumbers, electricians, dry wall workers, roofers, carpet layers, and masons) who purchase building materials for their projects. Other professionals are also affected such as appraisers, title companies, and inspectors. This market has been hit hard by the economic recession and resulting decline in new construction and remodeling projects. An

estimated two full-time and five part-time jobs will be created or retained by the CDBG-R activities.

- (3) **Additional Activity Information:** (A description of how the activity will promote energy conservation, smart growth, green building technologies, or reduced pollution emissions, if applicable.)

Response:

The NSD utilizes the Energy Code - The Florida Building Code 2004 Building, chapter 13, Florida Energy Code; General Bid Specifications (Property Standards) and the three Florida Codes listed above shall govern all construction jobs conducted by the Neighborhood Services Division. The Building Inspection Division shall appropriately inspect each construction site for compliance in order to issue the appropriate Certificates of Occupancy for NSD construction jobs.

The three proposed projects will promote energy conservation via the energy efficiency features. Energy efficient features that contribute to improve home quality, homeowner comfort and lower energy demand and reduce air pollution.

- (4) **Responsible Organization:** (Contact information for the organization that will implement the CDBG-R activity, including its name, location, and administrator contact information)

The City of Lakeland Neighborhood Services Division will administer the program. The contact person is R. Brian Rewis, Neighborhood Services Manager, 1104 Martin L. King, Jr. Avenue, Lakeland, Florida 33805.

C. PUBLIC COMMENT

Provide a summary of public comments received to the proposed CDBG-R Substantial Amendment.

The Neighborhood Services Division did not receive any comments regarding the CDBG-R Substantial Amendment.

(8) **Community development plan.** The jurisdiction certifies that the consolidated housing and community development plan identifies housing and community development needs and specifies both short-term and long-term community development objectives that have been developed in accordance with the primary objective of the statute authorizing the CDBG program.

(9) **Following a plan.** The jurisdiction is following a current consolidated plan that has been approved by HUD.

(10) **Use of funds.** The jurisdiction has developed activities so as to give the maximum feasible priority to activities that will benefit low- and moderate-income families or aid in the prevention of slums or blight. Additional activities may be included that are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community where other financial resources are not available to meet such needs. It has complied with the following criteria:

1. **Maximum Feasible Priority.** With respect to activities expected to be assisted with CDBG-R funds, it certifies that it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low and moderate income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include activities which the grantee certifies are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available);

2. **Special Assessments.** The jurisdiction will not attempt to recover any capital costs of public improvements assisted with CDBG-R funds by assessing any amount against properties owned and occupied by persons of low- and moderate-income, including any fee charged or assessment made as a condition of obtaining access to such public improvements. However, if CDBG-R funds are used to pay the proportion of a fee or assessment attributable to the capital costs of public improvements (assisted in part with CDBG-R funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG-R funds. The jurisdiction will not attempt to recover any capital costs of public improvements assisted with CDBG-R funds, unless CDBG-R funds are used to pay the proportion of fee or assessment attributable to the capital costs of public improvements financed from other revenue sources. In this case, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG-R funds. In addition, with respect to properties owned and occupied by moderate-income (but not low-income) families, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG-R funds if the jurisdiction certifies that it lacks CDBG-R or CDBG funds to cover the assessment.

(11) **Excessive Force.** The jurisdiction certifies that it has adopted and is enforcing: (1) a policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and (2) a policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location that is the subject of such non-violent civil rights demonstrations within its jurisdiction.

(12) **Compliance with anti-discrimination laws.** The CDBG-R grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d), the Fair Housing Act (42 U.S.C. 3601-3619), and implementing regulations.

(13) **Compliance with lead-based paint procedures.** The activities concerning lead-based paint will comply with the requirements of part 35, subparts A, B, J, K, and R of this title.

(14) **Compliance with laws.** The jurisdiction will comply with applicable laws.

(15) **Compliance with ARRA.** The jurisdiction will comply with Title XII of Division A of the American Recovery and Reinvestment Act of 2009.

(16) **Project selection.** The jurisdiction will select projects to be funded, by giving priority to projects that can award contracts based on bids within 120 days from the date the funds are made available to the recipient, and that will ensure maximum job creation and economic benefit.

(17) **Timeliness of infrastructure investments.** When the jurisdiction uses CDBG-R funds for infrastructure investments, the grantee will give preference to quick-start and finish activities, including a goal to use at least 50 percent of the funds for activities within 120 days of enactment of the Recovery Act.

(18) **Buy American provision.** The jurisdiction will ensure that all iron, steel and manufactured goods used in construction, alteration, repair, or maintenance of a public building or public work project assisted with CDBG-R funds under the Recovery Act must be produced in the United States unless the Secretary finds that: (1) the requirement is inconsistent with public interest; (2) those goods are not reasonably available or produced in sufficient quantity in the U.S.; (3) or the use of the goods will increase the project cost by more than 25 percent.

(19) **Appropriate use of funds for infrastructure investments.** The Governor, mayor, or other chief executive, as appropriate certifies, that any infrastructure investments have received the full review and vetting required by law and that the chief executive accepts responsibility that the infrastructure investment is an appropriate use of taxpayer dollars. Alternatively, a grantee's chief elected official certifies that infrastructure investments will receive the full review and vetting required by law and that the chief executive accepts responsibility that the infrastructure investment is an appropriate use of taxpayer dollars.

(20) **70% of CDBG-R for LMI.** The aggregate use of CDBG-R funds shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the grant is expended for activities that benefit such persons over the life of the CDBG-R grant.
