State Housing Initiatives Partnership (SHIP) Annual Performance Report (APR)

The SHIP program was established in accordance with Section 420.907-9079, Florida Statutes and Chapter 67-37.007 Florida Administrative Code, for the purpose of meeting the housing needs of the extremely low, very low, low and moderate income households, to expand production of and preserve affordable housing, and to further the house element of the local government comprehensive plan specific to affordable housing.

A performance report is submitted yearly to the Florida Housing Finance Corporation to report on the use of SHIP funds during the previous two years. The 2015-2016 APR covers the following program years:

- July 1, 2013 –June 30, 2014 (Closeout Year Report)
- July 1, 2014 –June 30, 2015 (Interim Year 1 Report)
- July 1, 2015- June 30, 2016 (Interim Year 2 Report)

This report draft is provided by the Neighborhood Services Division, Housing Section and is available for public review at the Community Development Department at City Hall, 228 S. Massachusetts Avenue, and at the Neighborhood Services Division, Housing Section at 1104 Martin Luther King Jr. Avenue. Reports are also available, for review only, at both public libraries and on the City's web site at www.lakelandgov.net/commdev/housing.aspx.

Anyone wishing to comment on the reports must do so prior to September 5, 2016. Written public comments shall identify the author by name, address, and interest affected. Comments should be addressed to Annie L. Gibson, Housing Programs Supervisor, Neighborhood Services Division, Housing Section, 1104 Martin Luther King Jr. Avenue, Lakeland, FL 33805 and to the Florida Housing Finance Corporation, 227 North Bronough Street, Suite 5000, Tallahassee, Florida, 32301-1329.

Form 4

Status of Incentive Strategies

Incentive Strategy:

The City's Affordable Housing Incentive Plan was adopted on December 6, 1993.

Adopting Ordinance or Resolution Number or identify local policy:

Ordinance #3510 adopted the Lakeland Affordable Housing

Implementation Schedule (Date):

The Incentive Plan was implemented on March 7, 1994. Implementation is an ongoing process.

Has the plan or strategy been implemented? If no, describe the steps that will be taken to implement the plan:

Yes. Requirements for the SHIP Program were met by instituting the Affordable Housing Advisory Committee (AHAC) to facilitate the development of the Affordable Housing Incentive Plan. The incentives developed created a series of goals and activities that encourage affordable housing development and infill housing development for very low, low, and moderate-income families. A variety of incentives are available to facilitate the development of affordable housing. These incentives include, but are not limited to, an expedited permitting process for affordable housing developers, a variety of density levels, reserving infrastructure, reduction of parking and setbacks, and modification of streets and curbs.

Flexibility in lot sizes and building setbacks is presently available through the City's Planned Unit Development (PUD) zoning process. Special Public Interest Zoning (SPI) may be created to permit redevelopment in certain targeted areas of the City. This SPI includes modifications to zoning district regulations. When an affordable housing project requires zoning changes, the developer is assisted to accelerate the process to maintain development schedules. Special attention is given to keep the project on schedule.

Of these incentives the most popular is the impact fee reimbursement. Last year the average reimbursement for each single-family home was \$5,320.53. Modifications were made to the Incentive Plan starting September 1997, which included a reimbursement/waiver of all impact fees for the Parker Street Neighborhood and the Paul A. Diggs Neighborhood. Additional modifications to the incentive plan to facilitate the development of affordable housing occurred June 7, 1999.

For program year 2014-2015, one single family and one multi-family project were submitted for impact fee reimbursement or waiver. This included a waiver of \$276,234 for Noah's Landing which is an affordable housing special needs complex with 52 units.

In past years, the City's local contribution on housing credits has been in the form of waived or reimbursed City impact fees. No cash contributions are made to a development. Waivers or reimbursements of County impact fees must be secured directly from Polk County.

The City continues to provide direction and assistance to rental developments that provide affordable housing. The City of Lakeland provided special provisions which included planning, zoning, utility availability, and CPS Consistency form completion to multi-family developers.

The City signed documents from Florida Housing Finance Corporation (FHFC) to support Green Mills, LLC in a tax credit multi-family housing complex. The housing complex named Aida Palms will be built with 94 very low and low income units. Green Mills, LLC has received its notice of approval from FHFC.

Status of Strategy - (is the strategy functioning as intended, i.e. are the time frames being met, etc.):

Since the implementation of Affordable Housing Incentive Plan in March of 1994, nineteen developers have responded to the Impact Fee Reimbursement incentive. The various other incentives are available when requested by the developer. Each incentive application is reviewed with the individual developer through the Affordable Housing Review Committee (AHRC). In the pre-application workshop the incentives are reviewed and addressed one by one.

Support Services

The Keystone Challenge Fund, Inc. coordinates Home Ownership Education classes every month. Keystone is a nonprofit consortium of local lenders that work with the City to provide financing for the Affordable Housing Program. The table below indicates the number of class attendees by year.

Year Number of Attendees

1995	159
1996	353
1997	293
1998	514
1999	252
2000	251
2001	222
2002	295
2003	225
2004	177
2005	760
2006	1106
2007	381
2008	946
2009	1268
2010	1001
2011	800
2012	702
2013	730
2014	737
Total	11,172

Keystone also provides post home ownership counseling services on a monthly basis. These services include explanation of documents, loan payment procedures, escrow procedures, homestead exemption procedures, credit counseling assistance, foreclosure prevention and information about updated Fair Housing regulations and the Fair Housing Complaint process. There were 110 prospective homebuyers who attended the Spanish classes.

Housing rehabilitation clients receive a home maintenance book called "Keeping Your Home Secure by Managing Your Risk" and instructions from the Housing Section staff regarding upkeep and warranty information. Each year CDBG Public Services and General Fund grants are given to various nonprofit agencies to support local low income neighborhoods with services and programs. A spreadsheet outlining these grants is attached.

Lakeland Housing Authority (LHA) was awarded funds for Family and Elderly Models of ROSS (Resident Opportunities for Social Services) offering other programs such as self-sufficiency, job training, and supportive services to the elderly and disabled public housing residents. The Housing Section signed on the consistency of LHA Consolidated Plan for submission to HUD.

And LHA was awarded a federal grant to assist area low income residents to the path of self sufficiency. The grant will assist in hiring a second coordinator for a program meant to guide low income residents to lives without government assistance.

LHA is the designated administrator of the Veterans Affairs Supportive Housing (VASH) program vouchers. The housing agency currently has 60 vouchers. All 60 vouchers are assisting Polk's homeless veterans. Besides housing assistance, veterans and their families qualify for up to five years of services. That means assistance with training and finding jobs and applying for educational benefits through the GI Bill.

NSD signed on the consistency of LHA Consolidated Plan for submission to HUD. And NSD Manager has written support letters for LHA for the nationwide program of YOUTHBUILD.

Downtown Lakeland currently has a Community Redevelopment Area (CRA) in which impact fees are waived and tax increment funds are reinvested in the area to promote redevelopment. The Downtown CRA, which is governed by the Lakeland Downtown Development Authority (LDDA), has been extremely successful in bringing new businesses downtown, preserving historic structures, facilitating new development, and generally promoting downtown as an exciting place to work and shop.

Due to the successes of the Downtown CRA, in 1999, the City Commission adopted a resolution which created two additional Community Redevelopment Areas. One was south of Downtown called the Dixieland Community Redevelopment Area, and the other is north of Downtown and is known as the Mid-Town Community

Redevelopment Area.

The Dixieland CRA is similar to Downtown, in that it includes predominantly commercial properties. Dixieland CRA has developed the Dixieland Commercial Corridor Redevelopment Plan which is a road map that addresses the unique needs of this area. The plan, which was adopted in 2001, includes the overall goals for redevelopment, as well as identifying the types of projects planned for the area. Some of the projects identified in the plan include: streetscape and roadway improvements, building renovations through Façade Improvement Programs, new infill development and creating identifiable gateways into the districts.

Mid-Town includes some of the most heavily-traveled commercial corridors in the City. As a result, impact fees on new development in this area will not be waived with the understanding that the tax increment should be sufficient to entice private development.

The Mid-Town Redevelopment Area is the largest of Lakeland's redevelopment districts, covering nearly 4,500 acres. It includes thirteen neighborhoods and part of this area encompasses a section of the City that ranks high on the priority needs table for housing rehabilitation and affordable housing in the City's five year Consolidated Plan.

The City developed a plan for the Mid-Town Redevelopment District with efforts to revitalize the areas of the central city, Parker Street Neighborhood and the Northwest Neighborhoods. Mid-Town CRA has developed a Parker Street Conceptual Development Plan which is intended to facilitate the stabilization of targeted portion of the neighborhood by capitalizing on its central location and existing urban character. The plan uses infill development with new construction as well as rehabilitation of existing structures as the physical basis for neighborhood stabilization.

Since 2007, the Lakeland Community Redevelopment Agency (LCRA) has worked in partnership with a number of municipal departments and local non-profit organizations like Parker Street, Habitat for Humanity, and Keystone Challenge Fund, to develop new and rehabilitated housing units in the Parker Street Neighborhood. Neighborhood Services Division (NSD) has redeveloped and sold several homes in the neighborhood with Neighborhood Stabilization Funds. The redevelopment efforts in Parker Street neighborhood has led to the concept where people will choose to live and raise their families. In addition, the former Wesley memorial United Methodist Church property was sold by LCRA to Parker Street Ministries in early 2012, under the conditions stipulated in these lease agreement. The property, which underwent a \$1 million dollar rehabilitation courtesy of local donors, continues to be a central hub of activity and stability for children and families in the neighborhood. Down payment and closing cost assistance for homebuyers is offered in Parker Street Target Area. All income levels qualify.

In 2011, the Mid-Town CRA Advisory Board proposed some goals for the Northwest Neighborhoods of Paul A. Diggs and Webster Park South. The goals included stabilizing the properties that have the most potential to the most harm and create the most benefit to the neighborhood; create an environment around the Dream Center; coordinate the activities and services of the local community centers and housing complexes to eliminate duplication and to stretch resources; and connect the public amenities through safe pedestrian, bike and transit facilities.

The Mid-Town CRA finished abatement and demolition of the 120 unit Lincoln Square Apartment Complex in December, 2013. Lincoln Square was an old asbestos multi-family complex that had gone into foreclosure several times. Throughout the three year process of purchase, tenant relocation, abatement and demolition, the question most often expressed to CRA staff was, "What's next?" for the five acre site which sits on the border of the Paul A. Diggs and Webster Park neighborhoods. A local consulting company, with close ties to these neighborhoods, was engaged in 2014 by the CRA to gather input from area leaders, residents, institutional stakeholders, and business owners as to what the neighborhood needed and/or wanted that could feasibly be provided on this site. The consultant provided the CRA with their report in September of 2014. Redevelopment of the site as affordable housing was the most widely supported proposal and will be the focus of efforts in the coming fiscal year.

The Mid-Town CRA purchased two deteriorating apartment complexes in 2015 in an effort to assist the Downtown CRA as

Other Accomplishments

The Community Development Department continues to follow the City Commission adopted Neighborhood Improvement Strategic Plan. This plan emphasizes a neighborhood-oriented approach to city improvement recognizing that neighborhoods are the essential "building blocks" of cities. Administered by the Planning Division, the Lakeland Neighborhoods Program focuses improvement efforts on specific neighborhoods following written plans developed in cooperation with the residents. It is a "holistic" and coordinated approach that emphasizes how the different functions of city government combine to produce a quality living environment in a small geographic area, rather than considering each departmental function independently. The likelihood of turning around a neighborhood that is "on the brink" and the willingness of the residents to organize and assist in implementing their own plan helps prioritize staff time and resources. The first neighborhoods targeted under the program were the North Lake Wire Neighborhood and the Westgate/Central Avenue Neighborhoods. A third

neighborhood, the Parker Street Neighborhood was in the planning process; but the Community Development Department has decided to focus on a sector planning process. The Department has divided the City into nine planning sectors. This sector planning concentrates on such issues as: making near and long term land use decisions, forming redevelopment and improvement strategies and identifying capital improvement needs. Sector plans are being developed resulting in a plan created from a broader planning perspective. The Planning Staff has begun to concentrate on Sector 8: Southwest Lakeland.

In October 2004, the City implemented the Urban Homesteading Program. Twenty-five (25) City owned lots with marketable title were publicized for sale to households for \$1,000 provided that an owner occupied single family unit would be constructed. The City holds a deferred payment lien for ten years for the difference between the appraised value and the \$1,000 sales price. To date, thirty five (35) lots have been sold to interested homesteaders. Preference is given to homeowners displaced by road projects or other redevelopment efforts. Lakeland Habitat has utilized this program to build units in the past. The Neighborhood Services Division has plans to add more lots to the Urban Homesteading inventory as marketable title is acquired.

Each year the City of Lakeland works with the Polk County Continuum of Care (COC) to apply for McKinney-Vento Act Funds. The Homeless Coalition of Polk County is the lead agency on the application for these funds. The application for the 2015 cycle is normally due in the fall. Funding announcements are made in December of each year. The City holds a position on the executive board committee, works with each applicant, and reviews and edits the COC application. For application year 2015, the City of Lakeland's General Fund program supplied funds for the Coalition's office administration. The City's Housing staff works closely with the Homeless Coalition in making application for several state homeless assistance grants targeted to the Continuum of Care tri-county catchment area.

Home purchase assistance classes are advertised by Keystone Challenge via website in addition to flyers which are distributed locally and in specific areas of high concentration of low income residents. Brochures relating to various affordable housing services are distributed regularly, including Fair Housing, program availability, and resources.

With the CDBG public services and City General Funds community service grants, approximately seventeen organizations received assistance this year. Additionally, the City has General Funds that are contributed to cultural organizations such as Polk Theatre, Polk Museum, and the Lakeland Symphony, which benefit all residents of the greater Lakeland area.

In November 2008, the City adopted regulations to amend the Land Development Regulations for the creation of Accessory Dwelling Units (ADUs) as one solution to the shortage of affordable housing. An accessory dwelling unit is a separate, additional dwelling unit ancillary to the principal use of given property, typically a single family home. Housing Section staff will continue its involvement in the City's planning efforts to ensure that affordable housing remains a key concern.

The City made application to HUD with a substantial amendment to its 2008-2009 Action Plan and was awarded Neighborhood Stabilization Program (NSP) funds of \$2,005,781 in March, 2009. The City utilized the funds to purchase foreclosed homes and will resell to income qualified households. Twenty one properties were purchased. Sixteen NSP homes have been sold.

In February, 2011, the City made application to HUD with as a substantial amendment to its 2010 Action Plan and was awarded Neighborhood Stabilization Program 3 funds of \$1,303,139. The City will concentrate its effort on three of the areas selected in its NSP 1 program to purchase foreclosed homes, rehabilitate or reconstruction and resell to income qualified clients. Eleven homes have been purchased under NSP3. Nine have been sold. The Lakeland Community Redevelopment Agency works cooperatively with the Neighborhood Services Division, LCRA reimburses the cost of impact fees for eligible affordable single family housing units created in Mid-Town area.

In addition, Mid-Town CRA worked in partnership with Lakeland Habitat for Humanity, Keystone Challenge and the Neighborhood Services Division (thru the Neighborhood Stabilization Program) in the Parker Street Target Area. Properties purchased and cleared by LCRA were conveyed to Lakeland Habitat for the purpose of construction of new owner-occupied housing. Three new homes were constructed with volunteer labor and sponsored by local community members.

The Mid-Town CRA Advisory Board researched the Paul A. Diggs and Webster Park south neighborhoods as potential targets for a "Parker Street Model Block" neighborhood stabilization strategy. This would include targeted property acquisition and the encouragement of low and moderate income homeownership.

In September, 2015, the City Commission approved (with the recommendation from the AHAC) to waive \$276,234 of impact fees for a new affordable housing development. Noah's Landing is a fifty two (52) unit complex for special needs clients. Noah's Landing also received funding from the Florida Housing Finance Corporation.

Availability for Public Inspection and Comments

The SHIP APR was made available for public inspection August 20, through September 3rd, 2015 at City Hall, Coleman Bush Building and at both branches of the Lakeland Public Library. It was advertised as available for Public Comment on August 20, 2015 in The Ledger, a local publication of general circulation and is posted on the City of Lakeland's website. (See copy attached.)

No public comments have been received.

LG Submitted Comments:

Closed out year 2013-2014 submitted in October, 2015.

August, 2016 - 2013-14 APR was monitored by FHFC and several issues were recommended for corrections. The program income for each year was recorded incorrectly. For PY2013-14, PY2014-15 and PY2015-16, a program income total was corrected. Staff and Finance Department have reconciled the accounts for each year. The APRs were re-opened, corrected and re-submitted in October, 2016. City Staff received technical instructions from Michael Chaney from FHC to resolve the issues.

SHIP Annual Performance Report

ATTACHMENTS

- Form 4-Supportive Services Continued

PUBLIC NOTICE

The City of Lakeland prepared its Annual Performance Reports for the State Housing Initiatives Partnership (SHIP) program. These reports contain information on the status of all SHIP funded projects completed before June 30, 2016. Included are: SHIP Interim Reports for 2014-2015 and 2015-2016. The Annual Performance Reports shall be submitted (mailed) to the Florida Housing Finance Corporation (FHFC) in Tallahassee, Florida, on September 9, 2016, to be received by the FHFC on or before September 15, 2016.

The Annual Performance Reports are available for review at the Community Development Department at City Hall, 228 S. Massachusetts Avenue, and at the Neighborhood Services Division, Housing Section at 1104 Martin Luther King Jr. Avenue, where interested parties may obtain a free copy or receive information about the reports. Reports are also available, for review only, at both public libraries and on the City's web site at www.lakelandgov.net/commdev/housing.aspx.

Anyone wishing to comment on the reports must do so prior to September 5, 2016. Written public comments shall identify the author by name, address, and interest affected. Comments should be addressed to Annie L. Gibson, Housing Programs Supervisor, Neighborhood Services Division, Housing Section, 1104 Martin Luther King Jr. Avenue, Lakeland, FL 33805 and to the Florida Housing Finance Corporation, 227 North Bronough Street, Suite 5000, Tallahassee, Florida, 32301-1329.

LEGAL AD: (1 column by 3 inches with black border)
To be published one time, on Monday August 22, 2016 in a section of the paper other than legal ads.

CLASSES

Homebuyer Education

The Homebuyer Education course is offered free of charge to anyone interested in pursuing the path to homeownership. It is a Department of Housing and Urban Development (HUD) approved course that covers topics including income requirements, financing options and the home buying process. After attending a course, homebuyers leave with the tools and resources necessary for taking the next step toward homeownership.

Keystone is committed to connecting families with homeownership. The Homebuyer Education course provides not only information but also confidence to pursue homeownership.

Homebuyer Education Class

Keystone offers Homebuyer Education classes as part of our services to new homebuyers. The classes are designed to prepare you for the process of buying your home and are a requirement to receive assistance.

The Homebuyer Education Class will provide you information on:

- The pros and cons of homeownership
- How to manage your finances to afford a home
- How to qualify for mortgage financing
- Preparing a mortgage application
- Resolving credit problems
- Working with Realtors and sellers
- Maintaining your home after purchase

Please Note:

- **Classes are free but advance registration is required.**
- **One registration form per person (do not combine with spouse)**
- Class size is limited and they do fill up quickly so register early
- Classes are held each month
- We ask that you do not bring children
- Evening classes require attendance both nights
- All buyers who will be named on the property deed must attend the class
- You will receive a certificate after completing the class
- To register, fill out the form or call us

Español

Si ha soñado tener su propia casa, este programa lo puedo llevar através de proceso para hacerlo realidad.

- Determine el precio de la casa que puede pagar
- Asistencia para el pago inicial y los gastos de cierre
- Pre-solicitud vs. Pre-aprobación
- Buscar la mejor tasa de interés
- Cierre de un préstamo
- Cumplir los requisitos para préstamo hipotecario
- Asesoría financiera gratuita
- Otros temas relacionados con la compra de casa

Horario de Clases

Por favor no se registre in línea. Para hacer reservación: 1-800-251-2227

Bartow Civic Center located at 2250 South Floral Avenue, Bartow, FL 33830

Section 420.9075
 City of Lakeland, Florida

Status of Incentive Strategies

A. Incentive Strategy	B. Adopting Ordinance	C. Implementation Schedule (Date)	D. Has the Plan Been Implemented?	E. Status of Strategy
Definition of Affordable Housing	#3510	March 7, 1994	Yes	Functioning as intended.
Affordable Housing Expedited Permitting Process	#3510	March 7, 1994	Yes	Functioning as intended, builders and developers of affordable housing fill out a pre-application worksheet and participate in pre-design meetings to facilitate use of incentives. Time frames are being met. 24 - 48 hour turn around time depending on type of development. Providing that the building plans and permit request contain all necessary information upon submission and the proper building/impact fees have been paid (or appropriately waived or set up for reimbursement), the building clerk shall flag the plans with a GREEN DOT. This green dot will draw attention of the plan examiners to the fact that the plans are to be treated as priority before non-affordable housing or commercial development and handled in an expeditious manner, resulting in the early issuance of a building permit. "Development permit" includes any building permit, zoning permit, subdivision approval, rezoning, certification, special exception, variance, or any other official action of local government.
Increased Density Levels	#3510	March 7, 1994	Yes	Land Development Regulations (LDR) provide for wide variety of densities for both single and multi-family development. Planned Unit Development (PUD) zoning may also be used. PUD is very flexible zoning and the regulations allow for increased densities in exchange for the provisions of public amenities.

Section 420.9075
 City of Lakeland, Florida

A. Incentive Strategy	B. Adopting Ordinance	C. Implementation Schedule (Date)	D. Has the Plan Been Implemented?	E. Status of Strategy
Zero Lot Line Zoning	#3510	March 7, 1994	Yes	Considered through the use of Planned Unit Development (PUD) zoning process.
Transfer of Development Rights as a Financing Mechanism	#3510	March 7, 1994	No	Used in larger Agricultural Regions. Per Affordable Housing Advisory Committee (AHAC) not recommended for the Incentive Plan.
Reservation of Infrastructure	#3510	March 7, 1994	Yes	The Affordable Housing Advisory Committee (AHRC) recommends three percent (3%) of roadway capacity is reserved for affordable housing developments in incentive target zones. If water and wastewater plant exceeds 90% of permitted capacity, the City will reserve capacity.
Reduction of Parking and Setback Requirements may also be available in PUD and SPI (Special Public Interest).	#3510	March 7, 1994	Yes	Part of the incentive application reviewed by the Affordable Housing Review committee (AHRC)
Modification of Sidewalk, Street, Curb, Gutters, and Storm Drainage Systems Requirements. May also be available in PUD & SPI (Special Public Interest)...	#3510	March 7, 1994	Yes	Affordable Housing Review Committee (AHRC) recommended the modification of sidewalk, street, curb, gutter and storm drainage requirements be requested by the developer as part of the application for incentives.

Section 420.9075
 City of Lakeland, Florida

A. Incentive Strategy	B. Adopting Ordinance	C. Implementation Schedule (Date)	D. Has the Plan Been Implemented?	E. Status of Strategy
Modification of Impact Fee Requirements	#3510	March 7, 1994	Yes	Eighteen developers have responded to the Impact Fee Reimbursement Incentive as of Sept. 2007. The Community Development Department will utilize the community-wide Housing Strategy to assist in decisions such as housing credit support to be considered by the City.
Utility Deposits	#3510	March 7, 1994	Yes	Available to the Affordable Housing recipient, utility deposits may be collected through a series of payments.
City Owned Properties Suitable for Affordable Housing	Incentive Plan Adopted Dec. 6, 1993.	Implementing Ordinance March 7, 1994	Yes	Researching properties to clear titles. Available properties list is provided on request. The City has cleared title to 20 lots for the Hope VI project; but in 2006 LHA determined not to do single family infill as part of Hope VI. The 20 lots will be used in the Urban Homesteading program or other redevelopment efforts. The City continues to quiet title to lots suitable for affordable housing. The City established an Urban Homesteading Program in October 2004.
Approval and Monitoring of Affordable Housing Developments	#3510	March 7, 1994	Yes	Established the Affordable Housing Advisory Committee (AHAC). The AHAC meets on a quarterly basis to review proposed City policies and ordinances that significantly impact the cost of housing. If some incentives involve modifications to ordinances, variances, or other actions by the City Commission or other City boards or committees, the AHAC shall make reports and recommendations to the appropriate board, committee, or Commission having legal authority to consider such modifications.

Section 420.9075
 City of Lakeland, Florida

A. Incentive Strategy	B. Adopting Ordinance	C. Implementation Schedule (Date)	D. Has the Plan Been Implemented?	E. Status of Strategy
Affordable Housing Incentive Target Areas	#3510	March 7, 1994	Yes	A proposal to waive all impact fees in twelve target neighborhoods was approved by the City Commission on Oct. 4, 1999. On September 15, 1997 the City Commission approved waiving all impact fees in the Paul A. Diggs and Parker Street Neighborhoods. Additional incentives of 25%, (moderate income), 50% (low income), and 75% (very low income) are provided for in all other areas of the City. Qualifying multi-family and single family developments may be reimbursed for impact fees of up to 75% outside the target areas.
Plan Implementation	Ordinance #3404 Resolution 3550, Section 4 - Established the Affordable Housing Advisory Committee	Dec. 21, 1992	Yes	Application and Checklist for Incentive Requests has been developed and is being used to date. The AHAC Committee meets quarterly to review the established policies and procedures, and ordinances. Other topics are reviewed such as Fair Housing and the three CRA area's programs.

Section 420.9075
 City of Lakeland, Florida

Certification Requirement	Effective Date	Procedure Implemented	Cost of the Implementation
Florida Housing Finance Corporation	July 1, 2003	All department heads received notice of requirements to review impacts and track increased costs to housing and any procedure changes that may impact the cost of housing. Increases to housing were tracked and tabulated for the Regulatory Certification page for APR	Dollar Amount of Increase
	July 1, 2003 – June 30, 2004		A total increase of \$59.50 in permit fees per (\$100,000 of construction value) house was noted for newly constructed homes as well as rehabilitated homes.
	July 1, 2004 – June 30, 2005	*This increase was instituted by Polk County.	A total increase of \$1,472 in impact fees per single family residence. \$1,146 - Transportation * 245 - Parks & Recreation 32 - Fire Protection 49 - Law Enforcement
	July 1, 2005 – June 30, 2006		A total increase of \$121.25 in permit fees per (\$100,000 of construction value) house was noted for newly constructed homes as well as rehabilitated homes. A total increase of \$1,043 in impact fees per single family residence. \$720 - Water & Wastewater 244 - Parks & Recreation 48 - Law Enforcement 31 - Fire Protection
	July 1, 2006 – June 30, 2007	No Increase cost of Housing	-0-

		Decrease cost of Housing	A total decrease of \$3,402 in impact fees per single family residence. \$2,839 - Transportation 563 - Police Protection

Form 4- Supportive Services Continued

The Mid-Town CRA purchased two deteriorating apartment complexes in 2015 in an effort to assist the Downtown CRA as they assembled properties south of the In-Town Bypass. Through the years these properties were managed by a third party and continued to be financial drain on the CRA due to high vacancy rates and constant repairs. In 2013, the Mid-Town Advisory Board asked staff to make a concerted effort to sell the properties. In the spring of 2014, a responsible buyer who had an extensive resume for providing safe, clean, affordable housing in Polk County and came recommended by the Lakeland Housing Authority made an acceptable proposal for the purchase of the properties. The CRA closed the transaction on May 30, 2015. The new property owners have increased the occupancy and purchased contiguous properties in an effort to improve housing options in the immediate neighborhood. The Mid-Town CRA also includes the medical district between Lakeland Regional Health (LRH) and Watson Clinic. With a series of Master Planning exercises for both institutional expansions, LRH has relocated its Emergency Room. In August, 2015, the CRA sold additional lots to LRH to give them more space for clinical and support services.

The Mid-Town CRA Redevelopment Plan identifies five mixed-use activity projects to enhance the appearance and mobility of neighborhoods. The North Ingraham Activity Center includes the industrial area bounded by East Main Street, Memorial Boulevard, Lake Avenue and Fern Road which is identified as the East Main Street District. In 2014, the CRA engaged a consulting firm to create a strategic action plan for the East Main Street District will encourage redevelopment that strengthens the employment base and identify economic development incentives and initiatives which will increase private sector investment in the area. The report and recommendations will be delivered in 2015.

The City of Lakeland Public Works Department completed construction of the Lake Beulah Trail and Transit Enhancements just west of Downtown Lakeland. This project further enhances the surrounding neighborhood and complements nearby community resources such as the Veterans Memorial Park and its new WWI Memorial, The Lakeland Center and Blake Academy magnet School as well as Lake Beulah itself.

The Lake Beulah Trail is the most recent segment of the Lake-to-Lake Bikeway Network to be completed, serving as a hub to the area's sidewalk and trail network. The trail now provides not only enhanced safety for area students but also improved bicycle, pedestrian and transit amenities for residents. The total project construction cost was \$568,000, primarily funded through the Polk Transportation Planning Organization and the Florida Department of Transportation. The Mid-Town Advisory Board of the Lakeland CRA provided an \$80,000 match for the design phase of this project.

The additional redevelopment incentives are offered to construction developers in the Lakeland are Core Improvement Area and Enterprise Zones Designation.

The Core Improvement Area was incorporated effective January of 2008. In selected areas of the City, it allows for the exemption of all county and city impact fees excluding water and wastewater. In National Historic District, Downtown CRA and select area of Mid-Town for residential and non-residential construction, County impact fees (transportation, EMS, correctional facility & education system) and City impact fees (transportation, fire protection, law enforcement, parks & recreation) are waived.

The City of Lakeland received its Enterprise Zones designation from the state of Florida effective January 1, 2006. These Enterprise Zones are specific geographic areas targeted for economic revitalization. Enterprise Zones encourage economic growth and investment to businesses and property owners by offering tax advantages and incentives to encourage private investment and employment opportunities for the residents of the zone. Since its inception, the City has processed nearly 100 applications and provided approximately \$325,000 in sale tax refund to qualified business and property owners for hiring new employees and purchasing building material and business equipment located within the Enterprise Zone. On December 31, 2015, the Florida Enterprise Zone program is scheduled to sunset.

The City also administers the Economic Development Impact Fee Mitigation (EDIFM) which is a reduction of impact fees to encourage job growth in targeted high value added businesses. The EDIFM was designed to encourage Build to Suit and Speculative Building Development.
