

WEST EDGEWOOD DRIVE TRAIL

The West Edgewood Drive Trail is a 0.58 mile long, 10 foot wide multi-use trail along the south side of the Edgewood Drive Extension from Harden Boulevard to Lincoln Avenue. The trail is being constructed as part of the 2 lane, divided road project scheduled for completion November of 2012. This new corridor will provide a critical connection between the City's Lake-to-Lake Bikeway System and Lakeside Village Lifestyle Center.
