Recommendation re: Lakeland Linder Regional Airport – Taxiway G Rehabilitation and Realignment Phase II – Engineering Design Contract

The Lakeland Linder Regional Airport (LLRA) had received a grant from the Florida Department of Transportation (FDOT) for the Rehabilitation and Realignment of Taxiway G (TWY G) in October 2015. The grant has been issued with an estimated project cost of \$3,200,000 with the FDOT participating at 5% or \$160,000. The Federal Aviation Administration (FAA) will be the primary funding source providing a 90% participation level leaving the Airport's share of the costs at 5%.

The FAA has already agreed to fund this project in FY 2016 using both the Airport's entitlement funds as well as discretionary funds from within the district; however the official offer is not projected to be received until later this fiscal year. LLRA has provided the FAA with a Pre Application (exhibit 1) for this project. The FAA has advised the Airport to commence the design through bid phase in order that a Final Application can be filed with the FAA prior to the close of their fiscal year this September.

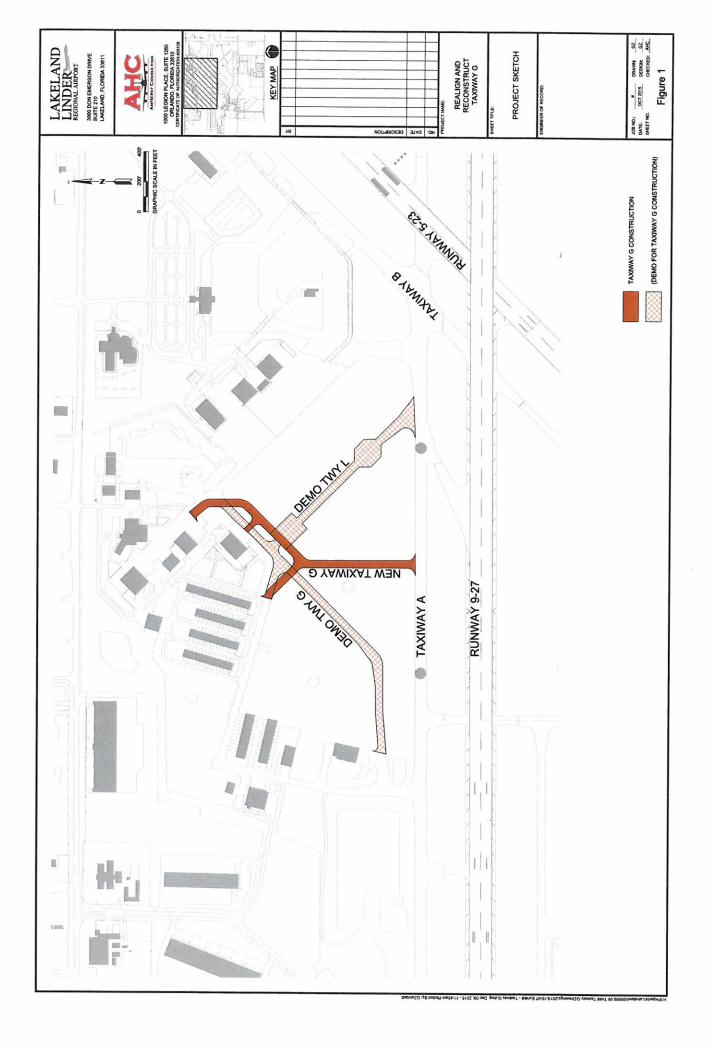

LLRA is in receipt of the engineering proposal from Amherst Consulting (Orlando, Florida), who is under a Continuing Contract, to provide the design through bid phase of the project in an amount not to exceed \$277,125. The professional services to be performed under this Task Authorization include:

- Pre-design surveys and topographic mapping
- Pre-design geotechnical investigation
- Opinion of probable construction cost and Engineer's Report
- Development of Plans and Project Manual
- Development of a Construction Safety and Phasing Plan as required by FAA
- Bidding phase services

The initial phase of realigning TWY G completed in 2010 eliminated the hot spot at TWY A/A4. This second phase will demolish existing TWY G and construct a new TWY G in an alignment consistent with the adopted Airport Layout Plan. The project will include removal of existing pavement, construction of full depth pavement, and associated lighting, signage, and marking. The realignment of TWY G is necessary to allow over 30 acres of land in the area to be developed in accordance with the Master Plan and the ALP. The realignment will provide required setbacks to existing structures and aircraft parking areas. The new TWY G will meet FAA geometric and pavement design standards. The new alignment will provide better aircraft traffic flow and reduced taxi time between the runways and hangars and businesses north of TWY G.

LLRA is requesting approvals to enter into Task Authorization # 2 in an amount not to exceed \$277,125 subject to an independent fee review and FAA and FDOT's concurrence.

It is recommended that the Commission authorize the appropriate City officials to execute the Task Authorization with Amherst Consulting for the not-to-exceed amount of \$277,125.00 for phase II design through bid phase of the taxiway rehabilitation project subject to independent fee review and FAA and FDOT concurrence.

December 9, 2015

Mr. Armando Rovira, P.E., Program Manager Federal Aviation Administration, Orlando Airports District Office 5950 Hazeltine National Drive, Suite 400 Orlando, FL 32822

Subject: Lakeland Linder Regional Airport (LAL); Lakeland, FL FY 2015 Airport Improvement Program

Pre-Application for Federal Assistance

Dear Mr. Rovira,

Enclosed please find the 2015 Airport Improvement Program grant application for the following projects at the Lakeland Linder Regional Airport: **Realign and Reconstruct Taxiway G**

The following items are enclosed for each of the above projects in the grant application:

- ✓ Grant Pre-Application Documents Checklist
- ✓ Standard Form 424 Application for Federal Assistance
- ✓ SF 5100-100 (for Development Grants includes Land Acquisition & Equipment)
- ✓ Project Specific Checklist
- ✓ Project Cost Breakdown
- ✓ Project Sketch One for each or one drawing with all projects
- ✓ Individual Project Schedule
- ✓ Environmental Determination Documentation for each project
- ✓ Exhibit "A" (Airport Property Inventory Map):
 - Exhibit "A" Incorporated by Reference.
 The Exhibit "A" updated September 2009, filed with AIP Project 3-12-0041-031-2010 is incorporated herein by reference.

As has been the case in recent years with the state of the AIP, the date(s) of any proposed applications are dependent upon the availability of federal funds. As you know, we stand ready to receive federal funds with limited notice. For each application, the Letter of Credit method of payment is requested.

Sincerely,

LAKELAND LINDER REGIONAL AIRPORT

Eugene B. Conrad III, C.M.

Eypone B. C O H

Airport Director

Enclosures

cc: Kristi Smith (FDOT District One), Todd Zimmerman (AmHerst Consulting)

	GRANT APPLICATION DOCUMENTS CHECKLIST

LAND ACQUISITION	PLANNING	DESIGN	CONSTRUCTION	SPONSOR'S CERTIFICATION (Need to be completed, check verb tenses in each sentence, and dated.)
•	•	•	•	Certification for "Selection of Consultant"
•	•	•	•	Certification for "Construction Project Final Acceptance"
•	•	•	•	Certification for "Drug Free Workplace"
		•	•	Certification for "Equipment and Construction Contract"
		•	•	Certification for "Project Plans and Specification"
•				Certification for "Property Acquisition" (Land acquisition.)
				(Zumu undumment)
				WARNING: By accepting an Airport Improvement Program Grants", the sponsor is certifying that it has his share of the funds to carry out the proposed project(s) described in the application without delays.
				WARNING: By accepting an Airport Improvement Program Grants", the sponsor is accepting and certifying that it complies with the program's terms and conditions without exceptions.

LAND ACQUISITION	PLANNING	CONSULTANT FOR DESIGN	CONSULTANT FOR CONSTRUCTION	PROCUREMENT OF PROFESSIONAL SERVICES AGREEMENT
•	•	•	•	Consultant selected in accordance with 49 CFR, Part 18 Yes No (A Professional Services / General Consultant (GC) Agreement or its Amendments are not AIP eligible if its procurement was not IAW 49 CFR Part 18. WARNING: Professional Services / General Consultant (GC) Agreement can have a MAXIMUM term of 5 years.
•	•	•	•	Project(s) description listed individually and their respective applicable fees shown.
•	•	•	•	Consultant services fees \$100,000 or more, INDEPENDENT COST ESTIMATE REQUIRED.
•	•	•	•	Costs reasonable. Yes No - Sponsor certification that the sponsor has reviewed the costs and agrees with said costs.
•	•	•	•	Sponsor/Consultant professional services agreement concurred by FAA? (If sponsor is seeking FAA participation, sponsor must secure concurrence/approval by FAA prior to execution.
		•	•	All construction work and/or equipment items are included in the approved "Plans and Specifications".
				Nomed
				NOTES:
				If you are working a "DESIGN" grant, <u>do not</u> allow any bidding, or construction engineering services to be included in the professional services agreement for design or the grant cannot be closed until the construction is completed.
				The scope of work of an Amendment to a Professional Services Agreement for DESIGN shall produce all the following documents for the project: Construction Plans and Specifications; Engineer's Report; Airport Safety During Construction Plan; Construction Sequence and Phasing Plan; Construction Management Plan;
				All "Modification of Standards" for design or construction, needs to have been identified and approved PRIOR to proceeding the design of the project.

	,	
DESIGN	CONSTRUCTION	CONSTRUCTION PROJECTS (construction phase)
•	•	Sponsor certification for Plans and Specification in accordance to FAA design and construction standards, or have prior MOS approval. At this time NO MODIFICATIONS are accepted.
•	•	"Safety During Construction Plan" and "Construction Sequence and Phasing Plan" if airport a Part 139 large or medium, it is very likely it will require a Safety Management System study/plan.
•	•	"Engineer's Report" if project is pavement, must include the design of the pavement section and a drawing of the typical pavement section. (Use FAA Form 5100-1)
•	•	"Construction Management Plan" <u>REQUIRED</u> for all pavement projects \$250,000 or more in pavement.
•	•	Proposed construction projects coordinated through the OE/AAA program. (7460 submitted?)
•	•	All construction work and/or equipment items are included in the approved "Plans and Specifications".
	•	Bid proposal for the lowest responsive bidder. (bidder that complies with all requirement without exceptions)
	•	Bid Tabulation (a tabulation/ledger of all bids and the engineer's estimate.)
	•	Engineer's recommendation to award contract (to low bidder)
	•	Sponsor's letter to FAA in agreement with his engineer to award contract.
		New development (Plans and Specifications) shall comply with the approving environmental document that approves the project.
	CONSTRUCTION	PRIOR TO "NOTICE TO PROCEED" check
	•	Copy of Low Bidder's Proposal
	•	Copy of the Executed Construction Contract
	•	If project is \$100,000 or more:
		- Copy of the "Payment Bond" for 100% the contract (\$) amount.
		 Copy of the "Performance Bond" for 100% the contract (\$) amount. Power of Attorney for the person representing the bonding company.
	•	If project is less than \$100,000:
		- Bonding requirements for construction projects are found in 49 CFR Par 18.36(h) and allows the sponsor to follow local government requirement relating to bid warranties, performance and payment bonds for construction.
	•	EEO and Non-Segregated facilities certification duly executed.
	1	

LAND ACQUISITION		LAND ACQUISITION (Need to show breakdown of all costs per parcel.)
•		Land Acquisition based on land/property appraisals (performed by certified property appraiser). If by court judgment, copy of the court judgment.
		- All costs associated with the acquisition of a property/parcel must be listed per parcel. (i.e.: People and/or businesses relocation; lease extinction; utilities relocation; surveying; clearing; attorney/court fees; property recording fees, etc.)
		- Certification for "Real Property (Land) Acquisition.
		- Certification for Real Froperty (Land) Acquisition.
		- Must update the Airport Property Map and Title Opinion.
		WARNING: All costs associated with the acquisition of a parcel/property must be claimed at the same time, and under the same grant.

Item 10. Is there other related Federal assistance on this project previous, pending, or anticipated? ☐ Yes ✓ No	(See instructions for additional information to be provided.)

PART II - SECTION C

The Sponsor hereby represents and certifies as follows:

1. Compatible Land Use – The Sponsor has taken the following actions to assure compatible usage of land adjacent to or in the vicinity of the airport:

The Airport Layout Plan's Land Use and Surface Access Plan has been developed by the City of Lakeland to comply with federal, state and City requirements for compatible usage of land adjacent to or in the vicinity of the airport. The Land Use and Surface Access Plan has been incorporated into the City's 2020 Comprehensive Land Use Plan.

2. Defaults – The Sponsor is not in default on any obligation to the United States or any agency of the United States Government relative to the development, operation, or maintenance of any airport, except as stated herewith:

The City of Lakeland is not in default of any obligation to the United States or any agency of the United States Government.

3. Possible Disabilities – There are no facts or circumstances (including the existence of effective or proposed leases, use agreements or other legal instruments affecting use of the Airport or the existence of pending litigation or other legal proceedings) which in reasonable probability might make it impossible for the Sponsor to carry out and complete the Project or carry out the provisions of the Grant Assurances, either by limiting its legal or financial ability or otherwise, except as follows:

There are no facts or circumstances which would prevent the City of Lakeland from completing the Project.

4. Consistency with Local Plans – The project is reasonably consistent with plans (existing at the time of submission of this application) of public agencies that are authorized by the State in which the project is located to plan for the development of the area surrounding the airport.

Yes. The project is consistent.

5. Consideration of Local Interest – It has given fair consideration to the interest of communities in or near where the project may be located.

Yes. Fair consideration given.

- **6. Consultation with Users** In making a decision to undertake any airport development project under Title 49, United States Code, it has undertaken reasonable consultations with affected parties using the airport which project is proposed. Yes. Consultations made.
- 7. Public Hearings In projects involving the location of an airport, an airport runway or a major runway extension, it has afforded the opportunity for public hearings for the purpose of considering the economic, social, and environmental effects of the airport or runway location and its consistency with goals and objectives of such planning as has been carried out by the community and it shall, when requested by the Secretary, submit a copy of the transcript of such hearings to the Secretary. Further, for such projects, it has on its management board either voting representation from the communities where the project is located or has advised the communities that they have the right to petition the Secretary concerning a proposed project.

Not applicable.

8. Air and Water Quality Standards – In projects involving airport location, a major runway extension, or runway location it will provide for the Governor of the state in which the project is located to certify in writing to the Secretary that the project will be located, designed, constructed, and operated so as to comply with applicable and air and water quality standards. In any case where such standards have not been approved and where applicable air and water quality standards have been promulgated by the Administrator of the Environmental Protection Agency, certification shall be obtained from such Administrator. Notice of certification or refusal to certify shall be provided within sixty days after the project application has been received by the Secretary.

Not applicable.

PART II - SECTION C (Continued)

9. Exclusive Rights – There is no grant of an exclusive right for the conduct of any aeronautical activity at any airport owned or controlled by the Sponsor except as follows:
No exclusive rights have been granted for the conduct of any aeronautical activity on Lakeland Linder Regional Airport.
10. Land – (a) The sponsor holds the following property interest in the following areas of land* which are to be developed or used as part of or in connection with the Airport subject to the following exceptions, encumbrances, and adverse interests, all of which areas are identified on the aforementioned property map designated as Exhibit "A":
The City owns in "Fee Simple" the property interest in the area of land that is to be developed.
The Sponsor further certifies that the above is based on a title examination by a qualified attorney or title company and that such attorney or title company has determined that the Sponsor holds the above property interests.
(b) The Sponsor will acquire within a reasonable time, but in any event prior to the start of any construction work under the Project, the following property interest in the following areas of land* on which such construction work is to be performed, all of which areas are identified on the aforementioned property map designated as Exhibit "A":
The City owns in "Fee Simple" the property interest in the area of land that is to be developed.
(c) The Sponsor will acquire within a reasonable time, and if feasible prior to the completion of all construction work under the Project, the following property interest in the following areas of land* which are to be developed or used as part of or in connection with the Airport as it will be upon completion of the Project, all of which areas are identified on the aforementioned property map designated as Exhibit "A"
The City owns in "Fee Simple" the property interest in the area of land that is to be developed.
*State the character of property interest in each area and list and identify for each all exceptions, encumbrances, and adverse interests of every kind and nature, including liens, easements, leases, etc. The separate areas of land need only be identified here by the area numbers shown on the property map.

PART IV PROGRAM NARRATIVE

(Suggested Format)

|--|

AIRPORT: LAKELAND LINDER REGIONAL AIRPORT

1. Objective:

This project will demolish existing Taxiway G and construct a new Taxiway G in an alignment consistent with the adopted Airport Layout Plan. The project will include removal of existing pavement, construction of full depth pavement, and associated lighting, signage, and marking.

2. Benefits Anticipated:

The realignment of Taxiway G is necessary to allow over 30 acres of land in the area to be developed in accordance with the Master Plan and the ALP. The realignment will provide required setbacks to existing structures and aircraft parking areas. The new Taxiway G will meet FAA geometric and pavement design standards. The new alignment will provide better aircraft traffic flow and reduced taxi time between the runways and hangars and businesses north of Taxiway G.

3. Approach: (See approved Scope of Work in Final Application)

Scope includes the complete CATEX process, design surveying and geotechnical testing, project design, bid phase services, construction management services, quality assurance testing, and project inspection services. Construction is planned to be performed with minimal separate phases in order to expedite the work. See Proposed Schedule. The topographical survey and geotechnical investigation will provide the needed information to execute the project to completion. AmHerst Consulting Company, LLC is the prime consultant that will perform design, bid phase, and construction phase services.

4. Geographic Location:

Lakeland Linder Regional Airport, Lakeland, Polk County, Florida. See attached graphic.

5. If Applicable, Provide Additional Information:

Existing Taxiway L and existing Taxiway G will be demolished to allow for the construction of the newly aligned Taxiway G. See attached graphic.

6. Sponsor's Representative: (include address & telephone number)

Eugene B. Conrad III, C.M. Airport Director 3900 Don Emerson Drive, Suite 210 Lakeland, Florida 33811 (863) 834-3298

Project Specific Checklist Application for Federal Assistance FAA Form 5100-100, Part IV, Program Narrative

Project Description:

Realign and Reconstruct Taxiway G

Airport Name / City, FL:

Lakeland Linder Regional Airport (LAL) / Lakeland, FL

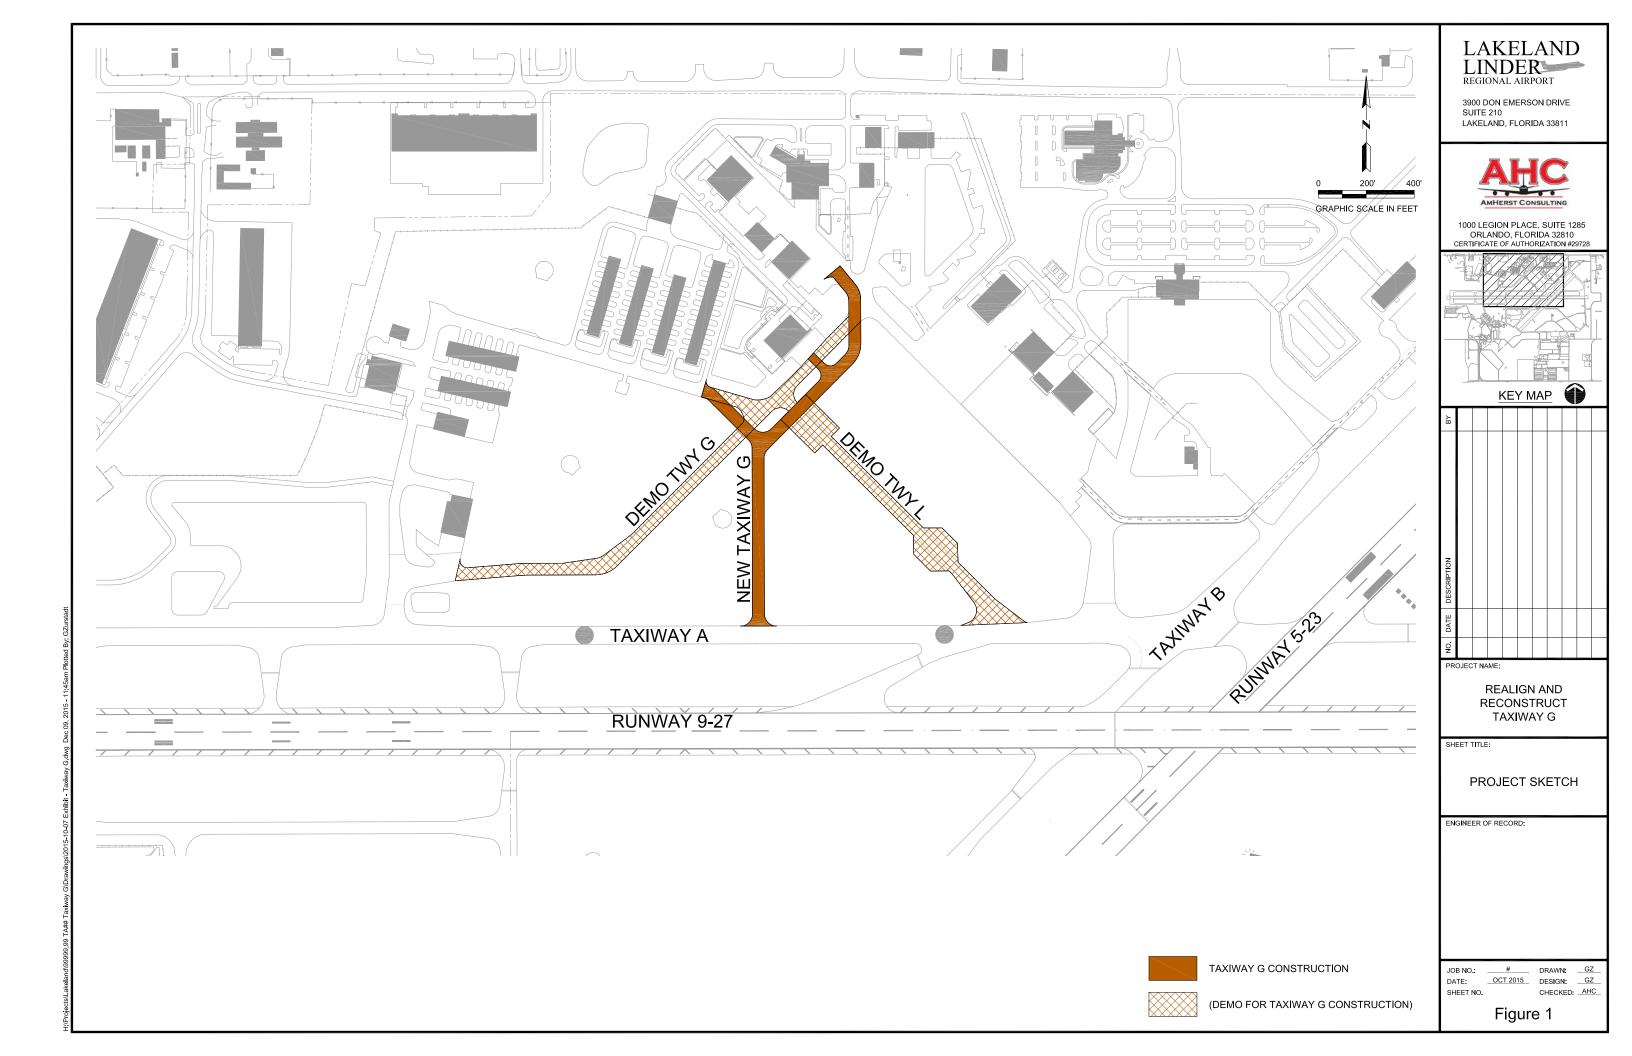

tems a. thru pp. must be answered for each individual project: (Ref. Order 5100-38D, Chapter 3, Table 3-1) a. Is the project eligible? aa. Identify eligibility "chapter & verse" from Order 5100-38D, AIP Handbook Is the project justified? Does your project narrative address the "Three Basic b. Tests" as identified in Table 3-4, Order 5100-38D? c. Is the project on airport property (with good title)? c. Date of your current Airport Exhibit A on file in ADO: d. Is the project on the FAA approved AIP on file in the ADO: d. Is the project on the FAA approved AIP on file in the ADO: e. Has the Sponsor satisfied the intergovernmental review and airport user f. Has the FAA completed an environmental finding for the project? f. Has the FAA completed an environmental finding for the project? g. Will the project result in a usable unit of work? h. Will the project be planned, designed, and/or constructed to FAA standards? h. Will the project be planned, designed, and/or constructed to FAA standards? h. Has the project costs allowable? Are the project costs incread after the grant was executed? (Ref. Order 5100 1. 38D, Ch. 3, Section 13, for exceptions). Are the project costs incurred after the grant was executed? (Ref. Order 5100 1. 38D, Ch. 3, Section 13, for exceptions). Are the project costs incurred after the grant was executed? Ref. Order 5100-38D, Ch. 3, Section 14). Is this the only federal grant containing these project costs? (No "double- n. dipping"!!!) o. Are the project costs within the allowable federal share? p. Can the project be completed without unreasonable delay? p. Can the project be completed without unreasonable delay? Is this project phased? In lentify number of calendar days and date after the grant execution date when project be completed without unreasonable delay? In lentify number of calendar days and date after the grant execution date when project be completed with	
a. Is the project eligible? aa. Identify eligibility "chapter & verse" from Order 5100-38D, AIP Handbook Is the project justifiled? Does your project narrative address the "Three Basic b. Tests" as identified in Table 3-4, Order 5100-38D? c. Is the project on airport property (with good title)? cc. Date of your current Airport Exhibit A on file in ADO: d. Is the project on the FAA approved airport layout plan? dd. Identify date of FAA approved ALP on file in the ADO: e. Has the Sponsor satisfied the intergovernmental review and airport user f. Has the FAA completed an environmental finding for the project? ff. Provide date of environmental finding for the project? g. Will the project result in a usable unit of work? h. Will the project tesult in a usable unit of work? h. Will the project be planned, designed, and/or constructed to FAA standards? hh, if applicable, identify date MOS was approved by FAA. i. Has the project been procured correctly? J. Are the project costs allowable? Are the project costs allowable? Are the project costs necessary to accomplish the project? (Project costs are k. directly necessary to accomplish the project? (Project costs are k. directly necessary to accomplish the project? (Ref. Order 5100-38D, Ch. 3, Were the project costs incurred after the grant was executed? (Ref. Order 5100-38D, Ch. 3, Were the project costs incurred after the grant was executed? (Ref. Order 5100-38D, Ch. 3, Section 13, for exceptions). Are the project costs reasonable? (Are Sponsor cost analyses attached? Ref. m. Order 5100-38D, Ch. 3, Section 14). Is this the only federal grant containing these project costs? (No "double- n. dipping"!!!) o. Are the project costs within the allowable federal share? p. Can the project costs within the allowable federal share? p. Can the project be completed without unreasonable delay? Identify number of calendar days and date after the grant execution date when notice-to-proceed will be issued. 1 is this project phased? 1 is this project phased? 1 is this project phased	/A (n/a)
aa. Identify eligibility "chapter & verse" from Order 5100-38D, AIP Handbook Is the project justifiled? Does your project narrative address the "Three Basic b. Tests" as identified in Table 3-4, Order 5100-38D? c. Is the project on airport property (with good title)? cc. Date of your current Airport Exhibit A on file in ADO: d. Is the project on the FAA approved airport layout plan? dd. Identify date of FAA approved ALP on file in the ADO: e. Has the Sponsor satisfied the intergovernmental review and airport user f. Has the FAA completed an environmental finding for the project? ff. Provide date of environmental finding/Cat. Ex.? g. Will the project result in a usable unit of work? h. Will the project be planned, designed, and/or constructed to FAA standards? y. hh. If applicable, identify date MOS was approved by FAA. i. Has the project been procured correctly? j. Are the project costs allowable? Are the project costs necessary to accomplish the project? (Project costs are directly necessary to accomplish the project. Ref. Order 5100-38D, Ch. 3, Were the project costs incurred after the grant was executed? (Ref. Order 5100-38D, Ch. 3, Were the project costs reasonable? (Are Sponsor cost analyses attached? Ref. Order 5100-38D, Ch. 3, Section 14). Is this the only federal grant containing these project costs? (No "double-dipping"!!!) o. Are the project costs within the allowable federal share? p. PROPOSED PROJECT SCHEDULE

Proposed Project Schedule:	Dates:
Selection of Consultant	9/2015
Pre-Application Submittal to FAA	11/2015
Pre-design Conference	1/2016
CSPP and Airspace Coordination in OE/AAA	3/2016
Completion of Plans, Project Manual, and Engineer's Report	4/2016
Submit Plans and Specs to FAA	4/2016
Advertisement of Project for Bids	5/2016
Bid Opening	6/2016
Bid Tabulation Submittal and Recommendation of Award	6/2016
Application Submittal to FAA	6/2016
Grant Offer	TBD
Execution of FAA Grant	TBD
Pre-construction Conference	TBD
Notice to Proceed to Contractor	TBD
Substantial Completion of Construction	TBD
Final Inspection	TBD
Project Close-Out	TBD

Date: December 2015

FAA ORLANDO AIRPORTS DISTRICT OFFICE - CATEGORICAL EXCLUSION FORM

Airport: <u>Lakeland Linder Regional Airport</u> Project Title: <u>Realign and Reconstruct Taxiway G</u>

The Proposed Action is a Federal action subject to NEPA. List applicable paragraph number from FAA Order 5050.4B Chapter 1 paragraph 9g.1. The Proposed Action is identified as one that can normally be Categorically Excluded. List applicable category from FAA Order 1050.1E paragraphs 307 through 312. Paragraph 310, subparagraph 310.e

Attach a list of and clearly describe **ALL** components of the Proposed Action including all Connected Actions. Include a brief summary of existing conditions at the Proposed Action site. Attach a site map identifying the Proposed Action area on the airports' most current ALP **and** a recent aerial photograph of the Proposed Action area.

The Airport Sponsor must certify that the Proposed Action and its Connected Actions are **NOT** likely to:

- a. Have an adverse effect on properties protected under Section 106 of the Historic Preservation Act of 1966, as amended, Section 4(f) of the Department of Transportation Act of 1966, or Section 6(f) of the Land and Water Conservation Act;
- b. Be highly controversial on environmental grounds. A proposed Federal action is considered highly controversial when the action is opposed by a Federal, state or local government agency or by a substantial number of persons affected by such action on environmental grounds;
- c. Have a significant impact on natural, ecological, cultural, or scenic resources of national, state, or local significance, including threatened and endangered species, wetlands, floodplains, coastal zones or barriers, prime or unique farmland, energy supply and natural resources, or resources protected by the Fish and Wildlife Coordination Act;
- d. Be highly controversial with respect to the availability of adequate relocation properties. In an action involving relocation of persons or businesses, a controversy over the amount of the acquisition or relocation payments is not considered to be a controversy with respect to the availability of adequate relocation properties;
- e. Cause substantial division or disruption of an established community, or disrupt orderly, planned development, or is likely to be not reasonably consistent with plans or goals that have been adopted by the community in which the project is located;
- f. Have a significant impact on minority or low-income populations;
- g. Cause a significant increase in surface traffic congestion;

BOOF

- h. Have a significant impact on noise levels in noise sensitive areas;
- i. Have a significant impact on water quality or contaminate a public water supply system;
- j. Have a significant impact on air quality or violate the local, state or Federal standards of air quality;
- k. Be inconsistent with any Federal, state, or local law or administrative determination relating to the environment.

Based on the information contained in the attached Categorical Exclusion Environmental Determination Checklist and supporting information, I certify that the Proposed Action described above, including its Connected Actions, meet(s) all of the requirements for a Categorical Exclusion in accordance with FAA Order 1050.1E and paragraphs a thru k above.
