Confirmation

Thank you for submitting your permit application through eTRAKIT. Before you begin any work, the City's Building Inspection division staff and/or Fire Safety Management division staff must review and approve your permit application, required plans, and payment in full must be made to the City. The provided email address will be used to send all requests for any required additional documentation and approval notification for the permit.

The fees provided on this application are an estimate based on entered information and may change after being reviewed by staff.

Note: It is the responsibility of the contractor to print the permit once it is approved, along with the approved plans and comments, and make them available on the job site prior to work beginning and through the duration of the job.
