**Lakeland ranked #3 among the Top 10
Biggest Boomtowns by Lending Tree, LLC.**

POPULATION | WORKFORCE DEVELOPMENT | INDUSTRY SECTORS | MAJOR EMPLOYERS | WAGES & INCOME
TAXES | EDUCATION | NEW INDUSTRY & EXPANSION | NEW CONSTRUCTION | LOCATION SPECIFIC
REDEVELOPMENT & ECONOMIC INCENTIVES | HOUSING | CONSTRUCTION & DEVELOPMENT

It's a great place to live, work and play —
that's why we call it home!

Built upon historic character, philanthropy and volunteerism, Lakeland offers its residents, businesses and visitors a true sense of place. Incorporated in 1885, Lakeland quickly became one of the premier cities in Florida. From the inaugural railroad service in the mid-1890s to being one of the first cities in Florida to have electricity, Lakeland has always been a hub of innovation and progressive ideas. Today, the City continues to thrive as population and business expansions are attracted to this area, the geographic center of Florida. Lakeland's economic base consists of warehouse, transportation and distribution, education, health care, manufacturing and retail.

Lakeland has received the distinction of being on Money Magazine's "Best Place to Live in America" list. In addition, Lakeland is home to Publix Supermarkets, Florida Southern College, which hosts the largest one-site collection of Frank Lloyd Wright architecture in the world, and is the winter home to the Detroit Tigers.

The City of Lakeland offers an exceptional quality of life. A firm commitment to downtown development, redevelopment, historic preservation, cultural amenities, and an exceptional business-friendly environment has helped Lakeland to thrive for nearly 140 years. Growth and progress exemplify our City all the while maintaining a sense of history and a hometown feel.

**Lakeland ranked #7 in the U.S. News and World Report's
"Best Places to move in the US"**

ANNUAL WAGE RANGES

Lakeland ranked #4 top city for US Job Seekers due to high job and wage growth (as rated by MoneyGeek)

TAX INFO

GENERAL INFORMATION

The tax laws in Florida are advantageous both to industry and to individuals. There is no state personal income tax, no state ad valorem tax on real or tangible personal property, no inventory tax and no inheritance tax. This is indicative of Florida's favorable tax climate – which is lower than most other southeastern states.

Ad valorem rates in Lakeland and Polk County compare favorably with taxes in any other section of the United States. The City of Lakeland has one of the lowest operating millages in the state at 5.4644.

STATE SALES TAX

Florida has a 6% state sales tax. Exemptions include food and drugs, machinery and equipment for new businesses, and research and development equipment manufactured and used by a firm doing the research and development. Lakeland/Polk County has an additional 1% local sales tax as of January 2005.

CORPORATE INCOME TAX

Florida corporate income tax liability is computed using federal taxable income, modified by certain Florida adjustments, to determine adjusted federal income. A corporation doing business within Florida may apportion its total income. Adjusted federal income is apportioned to Florida using a three-factor formula. The formula is a weighted average, designating 25 percent each to factors for property and payroll, and 50 percent to sales. Non-business income allocated to Florida is added to the Florida portion of adjusted federal income. An exemption of up to \$5,000 is subtracted to arrive at Florida net income. Tax is computed by multiplying Florida net income by 5.5 percent.

COMMUNICATIONS TAX

Businesses providing communications services are required to register to collect and remit communications services tax. Communications services include telecommunications, cable, direct-to-home satellite, and related services. This definition encompasses voice, data, audio, video, or any other information or signals, including cable services that are transmitted by any medium.

HOMESTEAD EXEMPTION

On January 29, 2008 Florida voters approved an amendment to the Constitution allowing for a statewide reform of Florida's existing Homestead Exemption criteria. This reform, designed by the Florida Legislature to provide property tax relief to homestead-exempted homeowners, owners of second homes, rental property owners and business owners provides four significant changes to the previous exemption.

Expanded Homestead Exemption: Increase the current \$25,000 Homestead Exemption by an additional \$25,000 except on school board taxes.

Portability: Allows Homeowners to transfer up to \$500,000 of their Save Our Homes Assessment Limitation benefit to the new homestead.

Cap on Non-Homestead Property: The assessed value for all other properties without a homestead exemption will be limited to a maximum of 10% a year.

Tangible Personal Property Exemption: Businesses will be eligible for a \$25,000 exemption on equipment such as computers, office furniture and fixtures.

EDUCATION

With nearly 100,000 students in the County, the Polk County School Board offers a number of traditional and customized public educational options for students. Lakeland alone has 33 elementary schools, 12 middle schools and eight high schools, all of which are public. Adding to that, there are a number of private school options in Lakeland that represent a variety of faiths for PreK-12 students.

The Polk County School Board offers six magnet/choice school options for students K-8 in Lakeland and more than 30 specialized academies within middle and high schools in the City. With a focus on higher education, career preparation and college readiness, these academies provide STEM curriculum and specific training representing a variety of professional fields of study. Academies at Lakeland area schools offer education in engineering, computer design, finance, biotechnology, sports medicine, information technology, veterinary science, aerospace, digital animation and the culinary arts.

ECONOMIC DEVELOPMENT INCENTIVES

NEW INDUSTRY & EXPANSION

Polk County Economic Development Ad Valorem Tax Exemption Program is an exemption of taxes to encourage quality job growth in targeted high value added businesses. The exemption was designed to encourage new business development and retain local business with planned expansion. Targeted industries include manufacturing and Qualified Target Industry (QTI) companies. The Polk County Board of County Commissioners (BoCC) has final approval of all projects. Minimum wage threshold is 115% of the average wage (\$47,204) or 100% for manufacturers (\$41,047).

Polk County Bonus Incentive Program (PCBI) is a local cash incentive that was created to augment the State's Qualified Targeted Industry (QTI) tax refund program. Pre-qualified businesses are eligible for refunds of \$500+ per net new job. Minimum wage threshold is 115% of the average wage (\$47,204).

Lakeland Electric Economic Development Rider is for General Service Customers of Lakeland Electric, the City of Lakeland owned electric utility. The new load must be a minimum of 350 kW at a single delivery point. In addition to a new load, there must be a workforce of at least 25 new full time employees per 350kW of new load and comply with all provisions in the service agreement. The reduction is based on a five year rate schedule.

NEW CONSTRUCTION

Economic Development Impact Fee Mitigation (EDIFM) – City of Lakeland is a reduction of City of Lakeland impact fees to encourage Build to Suit and Speculative Building Development. There are three ways to take advantage of the mitigation: 1) High Wage Job Creation 2) Industrial Job Creation 3) Inventory Development – creating an available industrial building inventory for prospective companies.

Polk County Impact Fee Mitigation – is a reduction or waiver of Polk County impact fees to encourage development. There are three options for eligibility 1) QTI company – minimum 115% average wage 2) QTI company – 100% average wage + a minimum \$10 million capital investment 3) As a developer for a QTI company.

LOCATION SPECIFIC

Urban Job Tax Credit (UJTC) is an incentive for new or expanding business creating full time jobs located in the designated area of Lakeland. Companies within specified industries can receive a \$500 credit per job, which can be taken against either state corporate income tax or the state sales and use tax.

Core Improvement Area is 2.3 acres located in the core of Downtown Lakeland. Non-residential and residential construction inside the Core Improvement Area is eligible to have all impact fees waived, except city water, wastewater and fire service, with a minimum \$10 million capital investment.

Foreign Trade Zone (FTZ) was created to enhance U.S. production and job opportunities by allowing companies to defer, reduce and/or eliminate payment of U.S. Customs duties depending on the range of activities to be conducted in the zone. Lakeland/Polk companies are in the service area of FTZ 79. Qualified companies can obtain FTZ designation by applying to the U.S. Foreign- Trade Zones Board for usage driven site designation. The Grantee of FTZ 79 is the City of Tampa.

LAKELAND CRA

LAKELAND COMMUNITY REDEVELOPMENT AGENCY

The City of Lakeland is on a course of constant change and improvement. Many of the major changes occurring within the “core” of our city are as a direct result of activities of the **Lakeland Community Redevelopment Agency (CRA)**. The CRA works in concert with the City of Lakeland to rebuild and revitalize many of our more challenged neighborhoods. The goal of the CRA is to continue to build and strengthen the heart of our city by providing the appropriate infrastructure and incentives for new and renewed property investment.

OVERVIEW

The City of Lakeland has four CRA districts. They are Downtown, established in 1977; Dixieland and Mid Town, created in 2001; and Williams, created in 2002. Each of these areas are dependent taxing districts established by the local government for the purpose of carrying out redevelopment activities. These include reducing or eliminating blight, improving the tax base and encouraging public and private investments in the CRA.

ORGANIZATION

The City Commission is the official Community Redevelopment Agency for Lakeland. Each specific redevelopment area operates under the leadership of an Advisory Board.

PROJECTS & FUNDING

CRA projects must serve a public purpose and must address concerns raised in the adopted redevelopment plans for each area. Possible CRA programs include street and streetscape improvements, park improvements, development of infill housing, recruitment of new businesses and partnership with job-training and placement services.

CRA projects are funded by “tax increment financing” which works as follows: the value of real property in a redevelopment area is determined on a fixed date; as the value of the real property appreciates, the tax revenue on the appreciated portion of the value (the increment) is set aside for CRA projects; the City and County continue to collect the tax revenue on the original real property value. Most programs are designed to leverage tax increment by encouraging private developers to invest in CRA districts.
