Hydrant Flow Test Instructions

1. Hydrant Flow test requests will be reviewed and approved by the City's hydraulic model engineer. Requests must include project location, brief explanation of project and utility design plan (if available). The engineer will provide recommendations based on the information provided.
2. The hydrant flow test application must be completed per the City's hydraulic model engineer recommendations.
3. Hydrant Flow Tests applications will be processed once payment is received by the City. Test Fees valid through September 30, 2021
 - Inside city limits \$311.05
 - Outside city limits \$388.79

Please check your location on this web map to determine if inside or outside city limits

<https://lakelandflorida.maps.arcgis.com/apps/Viewer/index.html?appid=3cc3fd68df684e5e9ccc03c5d2ad3f0a>

Payable per check or money order to "City of Lakeland" at the above address.

Payment of test fees must be received PRIOR to the flow test being performed.

4. Hydrant Flow Tests are completed by the Water Distribution group and results are reviewed by the City's hydraulic model engineer.
5. Customer will receive the hydrant flow test results via email after the engineer has approved the results.

Note: Contact our Water Engineering Department at (863) 834-8316 to request a quick research of existing flow data for hydrants within the project area. If available, the City provides available flow test data at no charge for tests performed on hydrants within the last two years.
