The Florida House of Representatives
Local Support Grant
Fiscal Year 2022-23

Re: Letter of Commitment

I write to express my strong support for the grant proposal submitted to The Florida House of Representatives 2022-23 Local Support Grant. I understand that the City of Lakeland will pursue funding for an educational building at Seven Wetlands. As principal of Mulberry High School, I can assure you that we are committed to this partnership.

In partnership with the City of Lakeland, we are committed to having our students visit the site to conduct science experiments on the testing of water and soil quality. In conjunction to this partnership, the City of Lakeland will educate our students and help guide them through the steps of completing the testing.

I am highly supportive of the efforts as outlined in this proposal and feel that collaboration between traditional public schools and the City will improve school quality in both sectors.

Best regards,

Michael Young, Principal
Mulberry High School
