## **Hydrant Flow Test Request - Instructions**

1. Requests must include project location, a brief explanation of project, the utility design plan (if available), and for each test the specific hydrant to be tested/flowed as well as a second hydrant or backflow preventer to be used for residual pressure readings. If needed, the City's hydraulic engineer can offer hydrant recommendations based on the information provided.
2. Requests can be mailed or emailed to above address.
3. The current test fees are **valid through September 30, 2023** and are payable per check or money order to "City of Lakeland" at the above address. If credit card payment is preferred (subject to \$2.75 fee upon payment) an invoice with payment instructions will be sent to the email address provided on completed and signed Hydrant Flow Test Request.
  - Test fee inside city limits      \$323.62
  - Test fee outside city limits      \$404.50

Please check this web map if unsure whether your location is inside or outside city limits.

**Payment of test fees must be received PRIOR to the flow test being performed.**

4. Hydrant Flow Tests must be performed by COL Water Distribution and cannot be performed by outside parties.
5. Test results will be sent to the email address provided on Hydrant Flow Test Request.

### **Note:**

The City of Lakeland provides test data for previously performed hydrant tests at no charge. Please contact the Water Engineering Department at the above number to inquire if data is available.

Not all City hydrants have flow test data and the fire department may require more recent test data.
